TULUM

A LIFESTYLE BOUTIQUE HOTEL
LOCATED IN TULUM BEACH

DESIGN

The property's design was inspired in the Caribbean Colonial design and is centered around a red and white tiled pool.

Hotel Panamera has quickly become a hub for like-minded local and global communities seeking to explore and experience Tulum in a more meaningful way.

Hotel Panamera is perfect place to relax, gather, enjoy the ocean breeze, but also have fun and meet new people.

RESTAURANT

The hotel's welcoming restaurant serves a mix of tropical and Mediterranean food using local product. It sits under a hand thatched palapa, opening to both pool and beach, creating a fluid mix gathering point. Food and beverage service is available in all three areas, as well as room service.

THE ROOF SUNSET BAR

The newest addition to Distrito Panamera is the RoOf Sunset Bar – We'd like to reveal to our dearest friends, the most magnificent sunsets over the infinite jungle of Tulum. Best enjoyed with the finest classic cocktails paired with an exceptionally well-composed menu using a minimalistic Yakitori Grill. Our favorite DJ's will occupy the space weekly, guiding you into the star drenched night, whilst you gaze at the most brilliant phases of the moon.

BAR

Aside from our open air kitchen, you will spot our bar. This space is front view to our poolside and beachfront. Our bar is focused on making crafted cocktails and providing artisanal products for our guests to enjoy.

VIBES

During weekends, Panamera becomes the social gathering point for locals and travelers who seek to spend a beach day with great food and programming.

BEACH CLUB

This star spot within the district, offers sun beds next to the ocean. Consists of three rows of beds, lounges zone, tables and a beach bar.

The beach club is the most exclusive way for our guests to enjoy the service, restaurant, bar and obviously the beach.

WELLNESS

Yoga, ceremonies, retreats and bootcamps form a core part of our essence at Distrito Panamera. We want our guests to find a place where they can awaken their senses and connect with their spirituality, where they can strengthen their energy, re-know and re-encounter with themselves.
